PROTESTED by Vineyard Land & Stock Company, April 12, 1915.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source, and in conjunction with permit No. 3291. The applicants will be required at the time of filing proof of beneficial use of water to definitely segregate the area of land which obtains water for irrigation purposes from Indian Spring as described in permit No. 3291 and the land which is irrigated by water from Cold Spring under and by virtue of this permit. It is further provided, as a condition of this permit, that sufficient water will always be provided for stock ranging in the vicinity of the spring and that said spring shall at all times remain unfenced. The State reserves the right to regulate the use of this water at any time. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One fourth cubic feet per second. (0.25)

Actual construction work shall begin on or before June 5, 1916.

Proof of commencement of work shall be filed before July 5, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before December 5, 1917.

Application of water to beneficial use shall be made on or before December 5, 1918. Proof of the application of water to beneficial use must be filed with State Engineer on or before January 5, 1919.

Proof of labor filed JUN 22 1916
